

100ah lead-acid lithium battery pack

Overview

What is a 12V 100Ah LiFePO4 battery?

Meet the Banshee 12V 100Ah LiFePO4 Lithium SLIM Battery This is the space-savvy power solution you've been looking for to fit in your 4 Wheel Drive, Boat, RV, Campsite, or Car. Ditch your heavy, bulky lead acid battery and embrace the convenience, power, and versatility of this slim LiFePO4 battery.

What is a 100Ah lithium-ion battery?

A 100Ah lithium-ion battery is a 12.8V, 100Ah battery, which is the premium option for various applications. It features a lighter weight, approximately 40% of the weight of a comparable lead acid battery.

Can I use a lead-acid charger with a powerbrick ® lithium battery?

PowerBrick® lithium ion batteries use the latest built-in battery management system (BMS) to monitor and prevent damage during use. You can use a lead-acid charger with a PowerBrick® lithium battery, but some customers prefer using a lithium charger for better battery lifespan.

Why should you buy a lithium battery?

- Lithium batteries allow you to pull out of the same size battery systems. Not only this, but will keep your battery safe.
- Lithium batteries are less than half the weight of the equivalent lead-acid battery. When you need reliable power for off-road adventures, this Banshee Slim 100Ah Deep Cycle Lithium Battery will have your back.
