

The photograph shows a white rectangular enclosure. On the left side, there is a Nader 100W-2.5 power supply unit. The unit has a grey top with a label that reads "Nader 100W-2.5" and "100W-2.5". Below the top, there is a clear plastic window showing the internal components, which include three blue electrolytic capacitors. To the right of the power supply unit, there are three power connectors. The top connector is labeled "P+" and is a black cylindrical connector. The middle connector is labeled "COM" and is a black cylindrical connector with a ground symbol (three horizontal lines of decreasing width) next to it. The bottom connector is labeled "P-" and is a black cylindrical connector with a red ring around its base.

Overview

What is a battery cabinet?

Equipped with the HindleHealth System, the Battery Cabinet will keep your battery at the ideal temperature in the most extreme of environments, giving you peace of mind. HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation.

What is an outdoor Battery Cabinet?

HindlePower's Outdoor Battery Cabinet is constructed of extremely durable injected foam panels that achieve a level of thermal performance not previously seen in traditional battery cabinets. Feel confident your batteries will maintain 65°F for outdoor ambient temperatures down to -40°F and 77°F for outdoor ambient temperatures to 122°F.

What is the best material for battery cabinets?

Aluminum is a popular material for battery cabinets due to its superior properties. Ideally, aluminum is known for: Galvanized / Stainless Steel Outdoor Battery Enclosures Stainless steel battery boxes and galvanized steel battery boxes are also common.

What temperature will my outdoor Battery Cabinet maintain?

Feel confident your batteries will maintain 65°F for outdoor ambient temperatures down to -40°F and 77°F for outdoor ambient temperatures to 122°F. Take a look at our 3rd party test data [here](#) to view it yourself. HindlePower's Outdoor Battery Cabinet is certified to IBC 2012, CBC 2013, and IEEE 693 to the highest levels.

Is hindlepower outdoor Battery Cabinet certified?

HindlePower's Outdoor Battery Cabinet is certified to IBC 2012, CBC 2013, and IEEE 693 to the highest levels. See our certification document [here](#) for more information. Outdoor NEMA 3R modular design easily expands and can

accommodate any configuration of batteries and DC power equipment.
