

# **Australian Outdoor Communication Battery Cabinet Factory Energy Storage Battery**

## Overview

---

Why should you choose Australia's first battery Gigafactory?

Our batteries provide flexibility, security and sustainability to various applications, from commercial and industrial storage to defence and transportation. All this is done from Australia's first battery gigafactory in the Hunter region of NSW. Your trusted partner in achieving a resilient, sustainable energy future.

What storage solutions are available for battery energy batteries?

Our space efficient storage solutions for batteries are designed to accommodate vertically or horizontally installed Battery Energy batteries. Horizontal rack configurations offer a minimum 600mm x 600mm footprint of and can cater for up to eight fully adjustable shelves.

What makes Australian batteries unique?

Simple in nature without compromising on quality. Australian batteries constructed with quality (cobalt-free) lithium ferro-phosphate cylindrical cells, and equipped with an in-built BMS. They seamlessly integrate universally providing reliable, long-term outcomes, scaling easily to suit your changing needs.

Are battery energy enclosures secure?

Available in an upright drop in style or cabinet style with either thermal insulation or air conditioning, the enclosures are secured with robust key lock doors to protect your equipment. Our Sydney warehouse carries Battery Energy standard racks and enclosures ready to ship for your project.

What are battery energy outdoor lockable enclosures?

Battery Energy outdoor lockable enclosures help keep your investment secure in a thermally managed environment. These heavy duty enclosures have a double powder coated finish, designed to withstand the harsh environments

and have an ingress protection rating of IP65 (Dust and Humidity free).

Can ICS battery enclosures be custom designed?

ICS battery enclosures, cabinets, and battery racks can be manufactured as standard or custom designed to accommodate any battery string configuration.
