

Bahrain Energy Storage Photovoltaic Project

Overview

The project, which will be developed in partnership with the private sector, forms part of national initiatives to enhance the Kingdom's reliance on renewable energy sources and contributes to Bahrain's target of reaching net-zero carbon emissions by 2060.

Bahrain Energy Storage Photovoltaic Project

[72-MW solar power project to support Bahrain's efforts ...](#)

The 72-MW solar park is among the development project that would contribute to achieving sustainable economic development for the nation and its citizens, ...
