

Bhutan Outdoor Power Supply

Overview

What type of power outlet does Bhutan use?

Bhutan uses power outlets and plugs of types C, D & G. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug adapter. Be careful!.

How reliable is power supply in Bhutan?

Power supply in Bhutan is very reliable and most of the hotels do not have power back up generators however if incase there is unexpected power cut off, you must bear for few hours otherwise its never the case unless its due to unexpected weather condition. Travellers will be able to plug the devices directly in Bhutan.

Do I need a travel adapter for a Bhutan Charger?

However, it is possible you'll need an adapter to plug the charger into a Bhutan outlet. Bhutan uses electrical outlets and power plugs of types C, D & G (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. Are the electrical outlets and power plugs in your country different?

.

What is the standard power socket voltage in Bhutan?

All power sockets in Bhutan provide a standard voltage of 230V with a standard frequency of 50Hz. You can use all your equipment in Bhutan if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Do I need a power point adapter in Bhutan?

Perhaps you will need adapters for some sockets, but it is usually easier to find adapters at destination. Check out below pictures of Power Points and Adapters used in Bhutan In Bhutan the power plugs and sockets are of type D, F and G. The standard voltage is 230 V – 240 V and the standard frequency is 50 Hz.

Can I connect my laptop charger to an electrical outlet in Bhutan?

Yes, you can connect your laptop charger to an electrical outlet in Bhutan as long as the outlet is compatible with the charger's voltage and plug type. In Bhutan, the standard voltage is 230V and the standard frequency is 50Hz.
