

# **British photovoltaic panel processing manufacturer**

## Overview

---

Are uksol solar panels a good choice?

UKSOL solar panels are available in sleek black or silver, offering both high performance and a modern aesthetic to suit any installation. UKSOL solar panels feature N-Type TOPCon technology, an advanced solar cell design that enhances efficiency, durability, and energy yield.

Who are REC Solar panels?

REC is a solar panel manufacturer based in Norway but with a presence in the UK market too. Their panels are known for being high quality and with high power outputs. REC manufactures two main types of solar panels – their premium Alpha range and the TwinPeak 5.

Why should you choose a British Solar brand?

Customers are increasingly aware of solar supply chain issues, including links to modern slavery. Offering a British brand with ethical and transparent procurement practices sets you apart, providing customers with high-quality products and confidence in your commitment to integrity.

What is PV Cycle?

PV CYCLE is a leading solar panel recycling initiative, ensuring responsible end-of-life management for photovoltaic modules. As a Producer Compliance Scheme, it helps manufacturers, importers, and rebranders meet UK WEEE regulations, facilitating collection and recycling to minimize environmental impact.
