

Columbia Communication Base Station Wind Power Equipment Installation

Overview

What types of weather stations do Columbia weather systems offer?

Columbia Weather Systems offers cutting-edge, ultrasonic weather stations, as well as stations with popular mechanical wind sensors. Wired or wireless, our weather stations are trusted by industry and government agencies worldwide. Scroll down for a few examples. [Weather Station Models](#). [Monitoring Options](#). [Latest News](#).

Why should you use Columbia weather systems?

Our job is to make Weather Monitoring easy, so you can do your job better. Instantaneous, on-site weather data for operational decisions in public safety and industries affected by meteorological conditions. Columbia Weather Systems offers cutting-edge, ultrasonic weather stations, as well as stations with popular mechanical wind sensors.

Where is Columbia weather systems printed?

Printed in U. S. A. Columbia Weather Systems, Inc. Page 2 Columbia Weather Systems, Inc. The information and drawings contained herein are the sole property of Columbia Weather Systems, Inc. Use of this publication is reserved exclusively for customers of Columbia Weather Systems, Inc. and their personnel.

Do you recommend Columbia weather station?

Professional Weather Stations. Professional Weather Monitoring. "I would absolutely recommend this station. Columbia technical support was very prompt and helpful when I reached out with a question. Plus, it looks really cool on top of our building!" "Your weather station . . is an extremely reliable tool for us here at our facility.

How much equipment can a Columbia weather system hold?

Columbia Weather Systems, Inc. Constructed from welded aluminum and

powder coated for appearance and longevity, the 15-pound tripod can easily support up to 60 pounds of equipment. An optional tie-down kit allows for additional security in high- wind areas. Columbia Weather Systems, Inc. Install the guy wires to complete the set-up.

What size cable does Columbia weather systems use?

Columbia Weather Systems, Inc. 6-foot computer cable 6. Weather MicroServer (Optional) MicroServer User manual 7-foot Ethernet cable Power supply Inspect all system components for obvious shipping damage (Refer to “Important Notice: Shipping Damage” in case of damage). Columbia Weather Systems, Inc.

Columbia Communication Base Station Wind Power Equipment Installation

[Orion\(TM\) Weather Station , Columbia Weather Systems](#)

Optional sensors of Solar Radiation, Photosynthetically Active Radiation, Visibility, Wind Sensor, and additional Temperatures can be connected via the Weather MicroServer.
