

Customized outdoor power supply box

Overview

Are Lex power distribution boxes safe?

Lex Products offers a full range of portable power distribution boxes and units, specifically engineered for indoor and outdoor use for the entertainment, industrial and military industries. Our power distribution boxes range from 20-800 Amps and are well known for being durable, long lasting and safe.

How many amps does a power distribution box have?

Our power distribution boxes range from 20-800 Amps and are well known for being durable, long lasting and safe. Load Master™ Series portable power distribution boxes are the first in the industry to feature outputs with adjustable current ratings to match specific application loads.

What are load master TM series portable power distribution boxes?

Load Master™ Series portable power distribution boxes are the first in the industry to feature outputs with adjustable current ratings to match specific application loads. These temporary power distribution boxes feature 1, 3 or 4 adjustable circuit breakers, with a range of amperage and voltage ratings.

What is the best power doghouse box?

Both stackable and compact for easy storage, the Lex Products Bento Box® is the power doghouse box you want. The Bento Box® is the smallest most portable power distribution pack in its class. This Bento Box® series features multiple boxes that can be connected together for multiple power distribution locations from one easy source.

Are Lex powerhouse TM & powerrack TM portable distribution boxes culus listed?

Lex Products PowerHOUSE™ and PowerRack™ portable distribution boxes are cULus listed and ready to deliver fail-safe, convenient, long lasting products for the entertainment, industrial, and military industries that need

durable and innovative power they can rely on.

What is a portable power distribution rack?

This portable power distribution rack is engineered with a compact, space-saving design ideal for in-use operation, transport, and storage. Built for rugged durability and certified to cULus standards, this combo rack is an all-in-one solution for dynamic, temporary applications.
