

Danish photovoltaic container customization company

Overview

Does Danish Container Supply offer a commercial kitchen?

DC-Supply A/S – Danish Container Supply offers rental of a commercial kitchen of 130 m², which consists of a total of 11 combined container modules. To Voks, a socio-economic company that delivers plants with care for both people and the environment, DC-Supply has delivered a custom-built hydrocontainer for plant growth.

Who sells custom-built containers?

We sell custom-built containers. DC-Supply A/S – Danish Container Supply's vast expertise and extensive experience places them as Denmark's foremost expert when it comes to custom-designed, innovative container solutions that will meet almost any conceivable need. Our skills ensure a well-executed project, delivered on time – every time!.

Where can I find a partner for a custom-built container solution?

Your partner for custom-built containers. If you are looking for a partner for a custom-built container solution, an excellent start for your project is to contact the sales team at DC-Supply A/S. We will gladly help you with both an initial clarification, and also advice and guidance for a cost-effective solution for your project.

What is a custom container solution based on a 40 ft ISO container?

Custom container solution based on a 40 ft ISO container – sound proofed and equipped with a steel collecting tray for secure handling of contaminated liquids. DC-Supply has developed a new, lower cost 20 ft. office container model 2041, CSC approved for sea transport.

Can I rent a custom-built container from DC-supply?

Unfortunately renting a custom-built container from DC-Supply is not possible – Typically, custom containers are built for a very specific use, with unique

custom interior/exterior decor, or for installation in a very specific location.
