

Energy Storage Product Procurement Plan

Overview

What does the PU's Energy Storage Procurement Framework do?

The PU's Energy Storage Procurement Framework provides crucial motivation to the development of both demand and supply in this marketplace. Since the time of Assembly Bill 2514 and through 2021 California built a rich ecosystem for energy storage research and development, commercialization, and project deployment.

What is California's energy storage procurement framework?

California's energy storage ecosystem, built since Assembly Bill 2514 and through 2021, includes a crucial component: the PU's Energy Storage Procurement Framework. This framework motivates the development of both demand and supply in the energy storage marketplace.

Where can I find a California energy storage procurement study?

You can find the California Public Utilities Commission Energy Storage Procurement Study at [The study was prepared by Lumen Energy Strategy, LLC for the California Public Utilities Commission and was released on May 31, 2023.](#)

What is the CPUC Energy Storage Procurement Study?

The CPUC Energy Storage Procurement Study aims to improve data practices by addressing the lack of comprehensive and quality-controlled actual project characteristics and operational data across all resources and grid domains.

What is technological maturity in CPUC energy storage procurement?

In the context of the CPUC Energy Storage Procurement Study, technological maturity is achieved through a path that includes research and development, pilot projects, and small-scale demonstration projects.

What resources are needed under the IRP procurement track?

Under the IRP procurement track, most of the resource need so far is met by standalone energy storage and storage paired with solar.

Energy Storage Product Procurement Plan

Energy Storage Procurement

The materials included are designed to give specific examples of the elements that should be included in a solicitation for the procurement and installation of a battery energy storage ...
