

Energy storage battery control box

48V 100Ah

Overview

The high-voltage control box of the energy storage system is a high-voltage power circuit management unit specially designed for the energy storage system. It is an intermediate unit connecting the battery cluster and the energy storage inverter.

Energy storage battery control box

APPLICATION SCENARIOS

Energy

Energy (from Ancient Greek ???????? (enérgeia) 'activity') is the quantitative property that is transferred to a body or to a physical system, recognizable in the performance of work and in ...
