

Fiji Solar Inverter Enterprise

Overview

Where is solar Fiji located?

Lot 41-42 Pilling Road, Nasinu, Suva. Solar Fiji, supply and install the highest quality solar power systems in the South Pacific. Based in Nasinu, Suva, we specialize in Off Grid and Grid Connect Solar Power Systems and are official distributors of world leading brands such as Victron Energy, Canadian Solar, Narada Batteries and QCells.

Who makes the best solar inverter in Fiji?

Our dedication to using trusted brands guarantees that our customers receive the highest standard of solar products and services in Fiji. Fronius, Sungrow, and Selectronic are renowned inverter manufacturers known for their exceptional quality and performance.

Why do businesses use solar energy in Fiji?

With on-site solar energy generation in Fiji, businesses can generate their own electricity and become less vulnerable to power outages, grid disruptions, and energy supply constraints. Many organisations in Fiji switch to solar energy as part of their commitment to sustainability and reducing their carbon footprint.

Why should you choose solar Fiji?

As an official partner of Victron Energy, our quality solar products and services are designed to maximize the longevity of your system, providing energy efficiency and cost savings for the long term. If you're looking for a reliable and experienced renewable energy service provider in the South Pacific, look no further than Solar Fiji.

What is a solar power system in Fiji?

Installed by the renowned Solar Fiji, this state-of-the-art off-grid solar power system transforms VAWA ISLAND, Fiji, into a beacon of sustainable luxury.

Who makes the best solar inverter?

Fronius, Sungrow, and Selectronic are renowned inverter manufacturers known for their exceptional quality and performance. Fronius inverters are lauded for their innovative technology, efficiency, and robustness, making them a popular choice for residential and commercial solar installations worldwide.
