

# **Grenada outdoor power supply OEM**

## Overview

---

What type of power plug is used in Grenada?

In Grenada, the power plug sockets are of type G. The standard voltage is 230 V and the frequency is 50 Hz. A power plug adapter is needed if you're traveling from a country with a different plug type, such as Canada.

Do I need a power adapter in Grenada?

If your devices are compatible with these specifications, you will not need a power adapter. However, if your devices use a different plug type or are not compatible with the voltage in Grenada, you will need a power adapter and/or a voltage converter/transformer.

What is the standard voltage in Grenada?

The standard voltage in Grenada is 230 V, and the standard frequency is 50 Hz. If you're coming from a country that uses a different voltage, you may need a voltage converter or transformer in addition to a plug adapter. What is my country's voltage and frequency?

.

What is Grenada known for?

Grenada is also known for its vibrant cultural heritage, with a mix of African, European, and indigenous traditions. Visitors can experience the island's unique culture through food, music, and dance.
