

Huawei Australia Energy Storage Photovoltaic Project

Overview

Chinese giant Huawei has entered Australia's residential solar battery market with its home energy storage system, the Luna2000. The lithium-iron phosphate 5kWh cells have a modular design and are scalable to 30kWh.

Huawei Australia Energy Storage Photovoltaic Project

Advancing into a new era of zero-carbon living with Huawei's ...

Through the Home Energy Management Assistant EMMA, Huawei pioneers the application of smart technology in home green power, achieving integrated intelligent ...
