

Huawei Energy Storage Cabinet Battery Warranty

Overview

Huawei provides a 10-year performance warranty for battery modules. The performance warranty standards are as follows: The warranty of energy storage system products is divided into basic warranty and advanced warranty. After the device is delivered, the basic warranty is automatically obtained. How long is Huawei battery backup box warranty?

The battery backup box has a warranty period of 24 months. As with their solar inverter modules, warranty can be claimed through their Australian office based in Chatswood, NSW which can be reached on 1300 482 934. Review Huawei's warranty document [here](#).

Do I need an extended warranty on a lithium battery?

If extended warranty is required, consult the SSD and evaluate the maximum service life of lithium batteries based on the battery model and application environment. Extended warranty can be provided within the service life and needs to be quoted. Subject to the feedback from the local spare parts contact person.

How to upgrade Huawei fusion solar smartpv battery?

In order to remotely upgrade the latest firmware to ensure battery life, the battery is highly recommended to connect to the Huawei FusionSolar SmartPV management system. After the battery is purchased, the installation needs to be completed within one month. If the battery fails, it needs to be reported within two weeks.
