Joint CEO and co-founder Justin Brown told pv magazine that despite Ireland's challenging environment for solar, the company sees a lot of opportunity and is taking full advantage. PCRE, which operates this solar farm in County Wexford, Ireland, supplies power through agreements with Microsoft and Google. Image: PCRE From pv magazine 12/24-01/25.

Are glenergy solar panels a good company?

Below are some reviews from their past clients: "Excellent Service - I installed solar panels with a hot water heat pump in September and am very happy with the system. Glenergy is professional but easy to deal with. Highly recommended." -John McLoughlin "Any Company can supply products.

Do I need a 30kW Charger in Ireland?

Many premises in Ireland do not have the necessary power supply to support higher-powered chargers without significant and costly electrical upgrades. A 30kW charger can typically be installed with the existing electrical setup, making it a more practical and cost-effective option for many businesses and homes.
