

Island energy site cost price is good

Overview

Does Island energy pay for natural gas?

*Island Energy passes through its natural gas cost to customers with a small mark up to account for system losses. NOTE: Island Energy has reinstated billing late fees and shutoffs as of July 1, 2022. If you have been financially impacted as a result of COVID-19 or other, and need to make special payment arrangements, please contact our office.

Who is Island energy?

By 2009, they shifted their focus to renewable energy, becoming a dedicated solar retailer and installer by 2011. With over 5,000 installations across Australia, Island Energy delivers end-to-end renewable energy solutions, including solar systems, battery storage, and off-grid living options.

How many employees does Island energy have?

The company employs over 30 people directly, emphasising quality workmanship and long-term career development. Island Energy is committed to environmental sustainability, supporting inclusive communities, and delivering high-quality customer experiences while helping reduce environmental impact through renewable energy projects.
