

# **Italian Industrial Energy Storage Power Station**

## Overview

---

The innovative tolling agreement signed between Zelestra and BKW enables the delivery of one of Europe's largest battery energy storage systems (BESS), of up to 2 GWh, in the north of Italy. Construction is due to start in 2027, with full operations anticipated in 2028.

## Italian Industrial Energy Storage Power Station

---

### Italy Accelerates Solar Energy and Industrial Energy Storage ...

The government has set ambitious goals for increasing renewable energy on the national grid, with a particular focus on bolstering both solar energy and energy storage ...
