## Overview

---

ABM (Associated Battery Manufacturers) is the only battery manufacturing company in Kenya, and the largest in East and Central Africa. We produce both vented and maintenance free batteries for automotive and solar use. Is Kenya a key player in Africa's lithium market?

However, opportunities abound as the global demand for lithium surges due to its essential role in electric vehicle batteries and renewable energy storage. Kenya's untapped lithium reserves, particularly in the region surrounding Lake Victoria, position it as a potential key player in the African lithium market.

Is the lithium industry in Kenya a good investment?

The lithium industry in Kenya presents a dynamic landscape with several key considerations for interested parties. First, the regulatory framework is crucial; potential investors should familiarize themselves with the Mining Act and environmental regulations, which govern exploration and extraction activities.

Which battery pack is best for a home?

Hubble Lithium focuses on scalable, intelligent battery packs suitable for homes, farms, and remote facilities. Their systems are compatible with top inverters like Victron and Deye, making them a favorite among installers. 3. Freedom Won (South Africa)
