

Laos Portable Power Box

Overview

What type of power outlet does Laos use?

Laos uses power outlets and plugs of types A, B, C, E & F. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug adapter. Type A - Mostly used in the US, Canada, Mexico, Central America, China and Japan.

How to use a power adapter in Laos?

Purchase a power adapter or converter that is compatible with the electrical outlets in Laos. The type of plug used in Laos is Type A, Type B, or Type C. Locate a power outlet in your accommodation or public spaces that can be used for charging. Insert your power adapter into the outlet. Make sure you have properly connected it.

What voltage do I need in Laos?

Check the voltage requirements of your device. Laos typically uses a 230V voltage and a frequency of 50Hz. Purchase a power adapter or converter that is compatible with the electrical outlets in Laos. The type of plug used in Laos is Type A, Type B, or Type C.

Can I use a charger in Laos?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is possible you'll need an adapter to plug the charger into a Laos outlet. Laos uses electrical outlets and power plugs of types A, B, C, E & F (see images).

Should I buy a universal travel adapter in Laos?

It is recommended to purchase a universal travel adapter that can handle a variety of plug types to ensure compatibility with power outlets in multiple countries, including Laos. This will save you from having to buy a new adapter every time you travel to a different destination.

Can I connect my laptop charger to an electrical outlet in Laos?

Yes, you can connect your laptop charger to an electrical outlet in Laos as long as the outlet is compatible with the charger's voltage and plug type. In Laos, the standard voltage is 230V and the standard frequency is 50Hz.
