

Moldova backup power storage

Overview

Moldova will buy a Battery energy storing system (BESS) of the last generation, with a capacity of 75 MW, as well as internal combustion engines (ICE) with a capacity of 22 MW. This will help the country consolidate its energy security.

Moldova backup power storage

[Moldova to get USD 85m of US funds to add battery storage](#)

The US government has pledged to make a USD 85-million (EUR 78.3m) investment into Moldova's energy segment by supporting the deployment of large-scale ...
