

New Zealand Outdoor Energy Storage Power Company

Overview

Meridian Energy has officially opened New Zealand's first large-scale grid battery storage system at Ruakākā, the first of its kind, and a milestone in the country's renewable energy infrastructure development. What is New Zealand's first large-scale battery storage system?

New Zealand has completed its first large-scale grid battery storage system with the launch of Meridian Energy's Ruakākā Battery Energy Storage System.

Where is New Zealand's first grid-connected battery energy storage system located?

Meridian Energy has completed construction of New Zealand's first large-scale grid-connected battery energy storage system (BESS) at Ruakākā, with an official opening ceremony scheduled for later today.

Does Saft offer a battery energy storage system for New Zealand?

Saft executive vice president for energy storage solutions Hervé Amossé add: "Saft is proud to provide this first Battery Energy Storage System for New Zealand in the Waikato. We are excited to start this operation phase of the battery for which we will continue to support our partners.

Why is Newpower launching off-shore storage technology?

NewPower Energy chief executive Grant Smith says: "This is an exciting milestone for our NewPower business, being first to market bringing off shore storage technology to enhance local renewable generation and support our national transmission system and renewable generation market."

Where is the largest solar power plant in New Zealand?

The construction of the Huntly BESS follows Genesis Energy's recent launch of what it claims is the country's largest solar PV power plant: the 63MWp Lauriston site, located west of Christchurch on the South Island, near the

Rakaia River in the Canterbury Plains.

Is New Zealand a key market for storage solutions?

Power Electronics NZ Ltd operations director Brent Sheridan sees New Zealand as a key market for storage solutions with future generation growth primarily being led by solar and wind technology. “Power Electronics are proud to be the suppliers of inverters for this project.
