

# **North Macedonia factory photovoltaic energy storage**

## Overview

---

Who built the first solar plant in North Macedonia?

The 10MW solar plant, built on the site of the spent Oslomej lignite coal mine, was constructed by the public company JSC Elektrani na Severna Makedonija (ESM). This is the company's first solar plant in North Macedonia, developed with a view to diversifying energy sources and supporting decarbonisation.

Is North Macedonia a good place to invest in green energy?

Dimitar Kovačevski, Prime Minister of North Macedonia: "It is really a great pleasure to be here today, where once a big environmental polluter was located and now we are producing green energy. The benefits of this investment are manifold.

How many people will a new photovoltaic power plant supply?

Apart from the fact that with the annual production of this new photovoltaic power plant from 15 to 17 gigawatt-hours we will supply the needs of about 2,800 households with electricity, we are also doing a re-cultivation and improvement of 15 hectares of land.
