

Norway Energy Storage Power Plant

Overview

Norway's capital just leveled up in the renewable energy game with its first pumped hydro storage (PHS) facility. Think of it as a mountain-sized battery that stores Oslo's abundant rainfall like digital coins in a crypto wallet – except this one actually solves real-world problems.

Norway Energy Storage Power Plant

Norway's Hydro plans USD-115m pumped-storage plant in Luster

Norwegian aluminium and renewable energy company Norsk Hydro ASA (OSE:NHY) today announced plans to build a NOK-1.2-billion (USD 115m/EUR 103m) pumped ...
