

# **Outdoor solar energy automatic alarm**

## Overview

---

What is alarm.com solar monitoring?

Alarm.com solar monitoring is part of an all-in-one, customizable solution that includes energy management, security, video monitoring, and home automation. Our powerful system provides helpful alerts, reminders, and a range of intuitive system commands you can easily manage from our convenient mobile app.

Can I connect solar panels to my smart home security system?

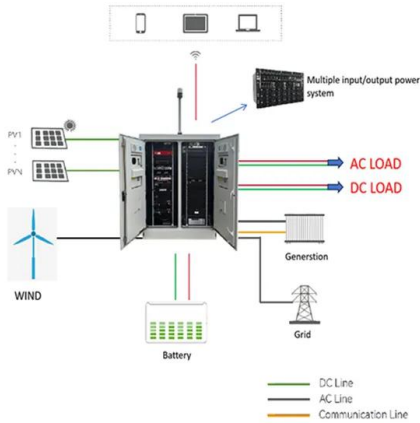

Easily connect your compatible solar panels to your Alarm.com smart home security system for next-level convenience and energy savings. Alarm.com's solar monitoring solution integrates seamlessly with Enphase and SolarEdge, two of the nation's most widely used solar inverters. Quickly view the day's current and total solar energy production.

How can I find a reputable solar installer?

To find a reputable solar installer near you, connect with a local service provider or email [SolarProgram@alarm.com](mailto:SolarProgram@alarm.com). Alarm.com also offers industry-leading smart security systems to protect your home and business.
