Primroot.com is a leading-edge professional solar panels & inverter manufacturer based in the high-tech hub of Shenzhen, China.

Do you need a reliable solar supplier in Norway?

The Norwegian solar market enjoys a healthy presence of solar equipment manufacturers and distributors. They deal with the supply of solar panels and several other components. Do you need a trustworthy supplier for your current or next project?

If the answer is yes, consider yourself lucky because you are in the right place.

Which material is used in photovoltaic technology?

Crystalline silicon is the dominant semiconducting material that is used in photovoltaic technology for the production of solar cells. These cells are then assembled into solar panels as part of a photovoltaic system to generate solar power from sunlight.
