

Portugal PV Energy Storage Inverter

Overview

How many battery projects are being built in Portugal?

Portuguese energy giant GALP has announced construction of five battery projects, with a total capacity of 74 megawatts (MW), to store solar energy in Spain and Portugal.

Why should you invest in a bespoke photovoltaic system?

Invest in your future with our bespoke photovoltaic systems in the sun-kissed Algarve region! Boasting an average of 3,000 hours of sunshine per year, this area offers the perfect environment for maximum energy generation. Benefit from clean, sustainable energy while saving money.

Why should you choose a PV battery storage system?

With a highly efficient PV battery storage system, your electricity is not only available during the day, but also at night. In case of a power cut your house will be supplied with emergency power back up from your system. Take a look at the tried-and-tested models that we have intensively tested and are now installing.
