

Price of photovoltaic solar panels installed in Russia

Overview

Where did photovoltaic cost data come from?

Photovoltaic cost data between 1975 and 2003 has been taken from Nemet (2009), between 2004 and 2009 from Farmer & Lafond (2016), and since 2010 from IRENA. Prices from Nemet (2009) and Farmer & Lafond (2016) have been converted to 2024 US\$ using the US GDP deflator, to account for the effects of inflation.

Why is Novosibirsk a good place to invest in solar panels?

The city's supportive regulatory environment and incentives for green energy projects further enhance its appeal as a prime location for solar panel supply chain activities. Novosibirsk, Russia's third-largest city, is another vital supply chain center for the solar industry.

What types of solar panels do wholesale suppliers supply?

Wholesale suppliers supply a wide range of panels, including Rooftop Solar Panels and Utility-Scale Solar Panels. The manufacturers listed on our website supply wholesale solar panels that can help you cut down on your buying cost and provide you with the scope to earn more revenues.
