

# **Replaceable module outdoor power supply**

## Overview

---

Can you use a 12V power supply for outdoor lighting?

The LED board was built specifically for the provided 12V Power Supply, and the photocell switch makes it so you can set and forget your outdoor lighting fixture. This LED kit is perfect for replacing cheaply built light sources in high-end fixtures or for retrofitting legacy lighting fixtures using incandescent or halogen bulbs.

What's new in the 2023 power supply?

2023 Power Supply Update: The Hatch LV12-12N-UNV-Y Power Supply has been replaced with the Mean Well APV-8-12 for this kit. Our LED retrofit kit is a cost-effective, long-term solution for exterior lighting fixtures. The 6 Watt, high-efficacy LED kit can replace a 100-watt incandescent source while significantly reducing your home's energy costs.

Do I need a driver module for the govee permanent lights pro?

Included Items: The driver module is included, but not the adapter and control box. Recommended Usage: The new design of the Govee Permanent Lights Pro provides you with a flexible, cuttable, and extendable DIY experience. When you extend the light string beyond 150ft, this driver module is required.
