Turkey's Astor Enerji to deploy 2 GWh of battery storage in Romania

Under the deal, the Turkish manufacturer of power transformers and high-voltage equipment secured 2 GWh of Energy Vault's B-VAULT battery energy storage system (BESS) ...

[Product Information](#)

China's largest electrochemical storage facility achieves grid

Huadian (Haixi) New Energy Co., a subsidiary of China Huadian Group, has successfully completed the full-capacity grid connection of the Togdjog Shared Energy ...

[Product Information](#)

Romania makes significant advance in energy capacities

In 2024, Romania added about 1,000 MW to its energy grid, including renewable capacity and retrofitted blocks, according to the head of the National Energy Dispatch Virgiliu ...

[Product Information](#)

Romania's ambitious energy storage plans: 5 GW by end-2026

In April, Romania's largest battery storage system, of 24 MWh, was put into operation. It is the first phase of a project totaling 216 MWh. The facility is connected to the ...

[Product Information](#)

[Battery storage pipeline exceeds 1 GW in Romania](#)

State-owned Hidroelectrica, Romania's largest electricity producer, intends to install a 64 MW, 256 MWh BESS at the Iron Gate 2 hydro plant on the Danube. The \$71.5 M ...

[Product Information](#)

Largest Electricity Storage Capacity Installed and Produced in Romania

The storage system is installed next to the Mireasa wind farm and the Galbiori solar park and will be fully connected to the grid by the end of 2024. Prime batteries are set to be ...
