

Serbia Electric Energy Storage Equipment Manufacturer

Overview

Who owns the large-scale solar and battery energy storage project?

Delivering the utmost flexibility to the Serbian government, the Large-Scale Solar and Battery Energy Storage Project being developed by UGT Renewables will be owned and operated by Electric Power Industry of Serbia (EPS) once completed.

What is UGT renewables Serbia solar?

UGT Renewables Serbia Solar is a ground-mounted solar project, which is planned over 2,000 hectares. The electricity generated from the Serbia Solar PV will offset 1,900,000t of carbon dioxide emissions (CO₂) a year. UGT Renewables Serbia Solar PV will be a 1,000MW solar PV power project developed in a single phase.

How has CIEMAT transformed energy storage & delivery?

We've initiated several groundbreaking projects both domestically and internationally. Our most notable undertaking is the 3 MWh thermal storage capacity system at the CIEMAT institute in Spain. This has served as a valuable test bed for our technology, reinforcing our belief in its potential to transform energy storage and delivery.
