

# **Specifications and dimensions of 700w solar photovoltaic panels**

## Overview

---

The panel measures 2384 x 1303 x 33mm and weighs 37.5 kg, making it an ideal choice for both residential and commercial solar energy systems. The N-type technology with Tunnel Oxide Passivating Contacts (TOPCon) offers lower LID/LeTID degradation and better low light performance.

## Specifications and dimensions of 700w solar photovoltaic panels
