

Swedish 220v lithium iron phosphate outdoor battery cabinet

Overview

What is an egbatt HV Bess outdoor energy storage cabinet?

The EGBatt HV BESS series outdoor energy storage cabinet integrates energy storage batteries, a modular PCS, an energy management monitoring system, a power distribution system, an environmental control system, and a fire control system. The modular PCS design allows for easy maintenance and expansion.

What is a lithium iron phosphate (LFP) system?

The Lithium Iron Phosphate (LFP) system is equipped with a Battery Management System (BMS) and a 768V 280Ah lithium battery. The PCS provides a 400V three-phase AC output at 100KW for outdoor commercial and industrial (C&I) installations.

What is a LiFePO4 battery?

The LiFePO4 battery is known for its long life, thermal stability, and safety. It provides a robust energy storage solution capable of handling high power demands. The integrated BMS ensures optimal performance and safety of the battery system.

How many batteries are in a battery cabinet?

Each Battery cabinet contains two battery strings, each battery string contains total 26 battery modules connected in series. Each battery cabinet contains two HVAC system, and one set aerosol Fire Suppression System.

What is his-energy's premium Battery Cabinet?

HIS-Energy's Premium Battery Cabinet Solution: Engineered for Both Outdoor (IP54 Rated) and Indoor Installations. From peak shaving and emergency power supply to powering EV charging stations, our smart HIS- EMS seamlessly manages your energy needs.

Are the battery cabinets modular?

Whether you're planning an on-grid project or an off-grid solution, the battery cabinets are designed to be modular and easily expandable in the future. We've designed our solutions to guarantee safety and comfortability for you. All our battery solutions are forklift-ready and can be easily installed at the site.
