

Swiss rooftop photovoltaic panel manufacturer

Overview

Who makes Swiss solar modules?

SSWISS GROUP AG manufactures high-quality solar modules and is leading and globally active technology company. SWISS solar modules are engineered in Switzerland and meet the highest quality standards. As an internationally recognized premium brand.

Why should you choose a solar rooftop system in Switzerland?

Join Switzerland's clean energy revolution. With solar rooftop installations, reduce your carbon footprint and contribute to a greener future, all while enjoying a continuous supply of home-grown energy. Our on-roof solar systems are designed to harness maximum solar energy.

What is the most powerful solar module in Switzerland?

Find out everything about the M490, our most powerful solar module in Switzerland, which perfectly combines efficiency and aesthetics. Bifacial modules use not only direct sunlight on the front side, but also indirect and diffuse light on the rear side. Your Swiss solar manufacturer for innovative solar modules and photovoltaics.

Why should you choose Swiss Solar AG?

The state of the art design of solar the packaging and solar modules makes the product emotionally attractive to the most demanding customers. Stylish packaging sets the product apart from other producers. To be part of SWISS SOLAR AG is to always be ahead.

Who is Schweizer solar?

As a solar pioneer, Schweizer has developed innovative products and system solutions since the 1970s. We place just as much emphasis on the provision of a high level of advisory expertise to ensure that architects, planners and trade partners receive the very best service. Mounting system MSP: The smart basis

for PV modules.

What is the world's largest industrial roof PV system?

Press release, 19 June 2025: The world's largest industrial roof PV system realised with a mounting system from Schweizer. Do you have any questions about Schweizer's solutions or would you like expert advice during a project?

Solar thermal energy: heat for hot water and central heating backup.
