

The largest energy storage power station in the Republic of South Africa

Overview

In a major win for South Africa's clean energy transition, Globeleq and African Rainbow Energy have officially reached commercial close on the 153 MW / 612 MWh Red Sands Battery Energy Storage System (BESS) —now Africa's largest standalone battery energy project to achieve this milestone.

The largest energy storage power station in the Republic of South A

ENERGY ACTION PLAN

The Energy Action Plan outlines a path to fundamentally reforming South Africa's energy sector to achieve long-term energy security. Significant progress has been made over the last six ...
