

Timor-Leste Portable DC Power Supply Specifications and Dimensions

Overview

What voltage is used in Timor Leste?

In Timor Leste, power plugs and sockets (outlets) of type C, type E, type F and type I are used. The standard voltage is 220 V at a frequency of 50 Hz. Timor-Leste, also known as East Timor, is a small island nation in Southeast Asia.

What type of plug does Timor Leste use?

Timor Leste uses a standard voltage of 220 volts and a frequency of 50 Hz. The country utilizes four different plug types: C, E, F, and I. Plug type C features two round pins, while plug type E, also known as the "Schuko" plug, has two round pins with two earth clips on the side. Plug type F is similar to type C but also includes two earth clips.

Do I need a travel adapter for Timor Leste?

If you are traveling to Timor Leste with electronic devices that use a different plug type, you will need to bring a travel adapter. You can purchase travel adapters at most electronics stores or online. It's important to note that plug types C, E, and F are all compatible with each other.

What power plugs do I need for Timor-Leste?

Discover the power plug requirements for Timor-Leste - choose a versatile universal adapter for types C, E, F, and I. Stay connected on your trip!.

What voltage does Timor-Leste use?

Timor-Leste uses the same voltage as Australia and many other countries, 230 volts. You will likely not need a voltage converter or transformer for most electronic devices. However, it's always a good idea to check the specific voltage requirements for your devices and bring an adapter if necessary.

Does East Timor have electricity?

The electricity supply network in East Timor is in a state of flux. The government is currently in the process of implementing a nationwide electrification plan, which aims to increase access to grid electricity from its current level of around 30% to 100% by 2030.
