

Turkmenistan energy storage explosion-proof container supplier

Overview

Who is TLS offshore containers / TLS energy?

TLS Offshore Containers / TLS Energy is a global supplier of standard and customised containerised solutions with 400,000 square meters manufacturing base located in China, which allows TLS to provide the most cost-effective and the complete containerised solutions to worldwide clients. MCC (motor control centre) shelter / enclosure.

What is MCC / ATEX container?

MCC (motor control centre) shelter / enclosure A60 pressurised container ATEX container, Explosion proof container Battery Energy storage system (BESS) container, container for energy hybrid solutions.

How many ft containers are suitable for explosion-safe storage?

In Summary: Choose from 10 ft or 20 ft containers for explosion-safe storage suitable for offshore. Personalize your unit to meet your exact storage needs. Explore options and get a tailored quote to fit your specific situation. We recognize the unique challenges of storing hazardous goods, particularly in the offshore sector.

Are ATEX containers safe?

Practical Information: Our ATEX Units are compact yet prioritize safety, making them ideal for space-constrained offshore locations. Both the 10 ft and 20 ft models are constructed for durability, ensuring longevity even in demanding conditions. The containers offer ease of placement and relocation, allowing flexibility for your storage site.
