

Where is the Hungarian Telecom BESS power station

Outdoor Cabinet BESS
50 kWh/500 kWh Battery Storage System
Industrial and Commercial Energy Storage

Energy Storage System

800 VMP-200

- All In One**
Integrating battery packs
- High-capacity**
50~500kWh
- Degree of Protection**
IP54
- Operating Temperature Range**
-20~60°C(Derating above 50 °C)
- Intelligent Integration**
integrated photovoltaic storage cabinet
- Rated AC Power**
50~100kW
- Altitude**
3000m(>3000m derating)

Overview

Located near Budapest at the Dunamenti Power Station in Százhalombatta, the 40 MW / 80 MWh facility marks a crucial development in Hungary's efforts to integrate renewable energy sources and enhance grid stability. Where is Hungary's largest battery energy storage system located?

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in Százhalombatta, located close to Budapest. The new facility boasts a total power output of 40 MW and a storage capacity of 80 MWh.

How much power does met have in Hungary?

The new facility boasts a total power output of 40 MW and a storage capacity of 80 MWh. This project significantly expands MET Group's energy storage portfolio in Hungary. It joins a smaller 4 MW / 8 MWh demonstrator BESS, which utilizes Tesla Megapack 2 batteries and was installed at the same site in 2022.

Will Hungary's new battery energy storage system help Green the grid?

The new facility supports a growing push to green Hungary's power grid. Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

Is Hungary stocking up on battery backup?

Hungary isn't alone in stocking up on battery backup as it charts its green energy path. In neighbouring Bulgaria, a massive 124 MW/496 MWh battery energy storage system went live in Lovech earlier this year.

How long will a Bess unit last in Budapest?

The current storage capacity of all BESS units on site would be sufficient to supply the entire decorative and public lighting needs of Budapest for 4 hours.

The supplier of the equipment is Huawei Technologies, the project's main contractor is Forest-Vill Ltd.
