

Which units in Tunisia are carrying out energy storage projects

Overview

France-based Qair International will build a 100 MW facility in the Kasr region of Gafsa province and a 200 MW project in the Al-Khabna region of Sidi Bouzid Governorate. French developer Voltalia will construct a 100 MW solar farm in Gabès province.

Which units in Tunisia are carrying out energy storage projects

Powering Tunisia's Future: The Rise of Energy Storage Machines

Researchers at ENIT are developing thermal energy storage systems that store excess solar energy in molten salt. Early tests show 72-hour heat retention - perfect for keeping Tunisian ...
